**Just a few more days here in Southeast Asia before my trip back to America!** Wow, time has flown! My time here in Southeast Asia has been so precious and God has shown me many things about the culture, the people and me. **But most of all, He has shown me that I am never alone, even when I lock myself out of my apartment!**

I locked myself out not once, but twice! Since I am still just learning the language, I needed to find someone who spoke English to understand me and the local language to find a locksmith. **And no sooner had I prayed, "Lord, I need a bi-lingual angel," both times one appeared!**

The amazing thing is I have not seen many Westerners in our apartment community at any time, except for these days that I needed someone who understood English! On both occasions they were Believers and we had a great chat while the locksmith worked on the door.

*Me with my new best friend, Snowball*

*Teaching at a Bible College full of committed students*

*I will miss these beautiful Asian flowers*

I will miss many things when I leave here—great Chinese food, the beautiful flowers, the wonderful new friends. Many of you know how much I love dogs. I have grown extremely attached to my surrogate dog, Snowball, who has been my best friend here!

Overall this has been one of the best experiences of my life and **while I am quite ready for some time in the States, I know as soon as I get there I will probably long to come back to Southeast Asia.**

I will be in Colorado June 27<sup>th</sup>–July 7<sup>th</sup>. Next I will be off to Texas for 4 days, and returning to Colorado from July 11<sup>th</sup>–17<sup>th</sup>. **Then, it's off to Hong Kong in a whirlwind to open CBC Hong Kong in September.**

**I hope to see you when I'm in America because you have made all of this possible! Thanks for all of your prayers and support.**

*love, Carol*

Yes! I want to help you take the God's love to Southeast Asia!
